About.

INSPIRED BY DIFFERENCE.

Piyush started DJing as early as 16. His learning and creative application of music turned this eternal passion into an understanding and dispersion of electronic music.

His gift of being able to bind the body of his music to the soul of his audience makes him one of the most sought after DJs by exclusive clubs around the country. He played into his niche by exploring the uncharted side of the club and house music genre. His interactive mixing skills, spontaneity and live remixing, fused with his larger than life presence at the console makes him a crowd favorite. He specializes in Hip-Hop, RnB, Reggaeton, Bollywood remixes, Club, UK Bhangra, Electro-House, Progressive IBIZA Trance, Moombahton, EDM – Electronic Dance Music, Retro & Rock, and more. The epitome of his talent is engaging his audience with spontaneous rapping along with impeccable interactive mixing skills.
